COVERS RICHEST GOLD AREA IN CALIFORNIA

Vol. IX, No. 106. The County Seat Paper NEVADA CITY, CALIFORNIA The GOLD Center FRIDAY, NOVEMBER 15, 1935.

The Nevada City Nugget helps your city and county to grow in population and prosperity. By subscribing to, and advertising in the Nugget, therefore, you help yourself.

Thinking Out Loud

(By H. M. L.)

A turkey feast for the football lads, Charlie Wyant officiating as host and chef. We know those boys are in good hands tonight. They have played a hard season against weight odds, but do you notice how they have perked up with a decent gridiron to play on. A poor workman complains of his tools, to be sure, but have you ever noticed that the best workmen always have good tools. We used to be afraid the legs of those youngsters would grow to accomodate the side hill where they played. One leg longer than the other.

The delinquent tax list of Nevada City has shrunk from nearly two columns in this newspaper to less than a column and a half. That means Nevada City is at least 20 per cent more prosperous than it was last year. The bill for publishing this list is going to be 20 per cent smaller, but we don't mind the loss, knowing that worry has decreased 20 per cent in this community. Less worry means more subscriptions and advertising.

Another sign of improved conditions is the way orders for Christmas trees are pouring into the mountain from the big cities. Under the careful supervision of our Forest Service officials, we will never miss a few thousand young trees. Stands of timber grow better when they are properly thinned. It is only on the private holdings that indiscriminate cutting of young trees does the damage. The time will soon come when practically all Christmas trees will be outdoor trees growing in gardens and parks, and lighted with Yuletide glory, during the holidays. And, for young geniuses, here is an opportunity: Improve the ornaments and the lighting of Christmas trees. We have fallen into a national rut on Christmas tree decoration. Give us more light and a greater variety of color and less of the flimsy and tawdry.

Withal that we have many WPA projects either ready to go or on the boil, we note that the city of San Diego has been awarded well over a million dollars worth of projects, including one for turning a tideland area into a recreation ground at a cost of some $674,000. We are not envious, but we do believe we have been modest. And again on a pro rata basis, possibly we are a jump ahead of San Diego.

The prayer, "Give us men to match our mountains," has been answered many times by Nevada County. In another column we record the death of John M. Hussey, born in this county, a graduate of the Nevada City high school with the class of '80 and one of its first instructors, graduate of Harvard University, later, professor of English in the Boston English high school, inventor, and for years a prosperous business man in Kansas. At a ripe old age he has passed to his reward. The honors won in a long life of splendid endeavor and the thousands of students who sat under him, will perpetuate the memory of this man, whose character towers above our mountains.

The San Diego Exposition, reports to contrary notwithstanding, was not a financial success. The chief exhibitor, Mr. Henry Ford, as he usually does, occupied the lime light, deservedly, with his splendid exhibit and entertainment, but the rest of the show was generally reported as mediocre. The announcement that it will reopen in January undoubtedly means that its promoters desire more time to balance their accounts, and we trust that in the meantime they do something toward making the exposition more worthwhile.

Throughout the country the word has gone forth from Washingto, D. C., that no man refusing work at reasonable wages, or work on the WPA projects, shall receive relief of any kind from the Federal government. If the administrators of relief would now go a step further and declare that no man should be paid for WPA work unless he actually earned the money by honest labor, it would have accomplished a real improvement upon SERA and other forms of relief. The sight of many of these workers last year leaning on something, a shovel handle, a tree, or a fence during working hours, for shorter or longer intervals, in a way, seemed symtomatic of the entire relief program. We suspect a large proportion of these workers have become leaners, mentally as well as physically, on the tax funds.

---

the story told of the Duke of Argyle, an Irish landlord of a century ago, when the world was more leisurely and not nearly so clean as it is today. His laborers and tenants troubled with vermin would walk a

And this somheow reminds us of quarter of a mile sometimes in the midst of their labors in order to scratch their backs against a fence or the corner of a hut. Noticing this great waste of time and energy, his grace decided to give a helping hand and according planted square cornered posts throughout his potato fields. Thereafter his laborers would vigorously rub their backs against these conveniences, with little loss of time, and exclaim as they did so: "Gawd bless the Duke of Argyle!"

The rooming house and liquor store of Gene Barberi on lower Broad street is being painted.

CIVIC CLUB TO AGAIN SPONSOR CHRISTMAS TREE

The Nevada City Woman's Civic Club held a very interesting meeting Monday night with about 25 members present. Business for the rest of the year was considered.

It was decided to again sponsor a White Christmas for the children with a large Christmas tree at which they will present their white wrapped gifts. Details and arrangements for the White Christmas will be made at the committee meeting.

The program chairman, Mrs. H. E. Kjorlie, announced that the next meeting which will be on Nov. 25, with Mrs. E. S. Leach, an old friend and classmate of Mrs. R. E. Harris, will be the guest speaker. Mrs. Leach will talk about "California Missions" and will have many pictures to illustrate her talk.

After the program light refreshments will be served. Mrs. Belnap Goldsmith is chairman of the refreshment committee.

The first meeting in December will also be a program meeting. Mrs. Raglan Tuttle will give a reading at this meeting. The December program meeting will be one of the club's guest meetings and each club member will be privileged to bring a guest. After the program at this meeting also, refreshments will be served. Mrs. C. E. Parsons is chairman of the refreshment committee for the evening.

WOMAN ACCUSED OF PERJURY IN JAIL

Wednesday Sheriff Tobiassen arrested Alpha M. Latten on a complaint signed and sworn to by Thomas J. Hall, and in which perjury was alleged. The complaint charges that Mrs. Latten committed perjury when she testified as a witness in the Justice Court of Nevada Township on the trial of Hall and D. Tatro who were charged with a violation of the Contractors' License Law in the construction of a dwelling house for Mrs. Latten on Pine street in this city.

Mrs. Latten following her arrest was taken before Judge W. L. Mobley and informed of her constitutional rights and bail was fixed at $2000 cash or $4000 property, in default of the bail she was lodged in the woman's ward of the county jail.

The time for preliminary trial will be set later.

TWO MORE ACCIDENTS ON MAE WEST ROAD

Two more accidents are reported on the state's Mae West "road of a thousand curves" and both might have proven fatal.

A large Ford V8 Standard Oil company truck in making the sharp turn at the Buffington ranch a mile and a half from Nevada City on the Downieville highway went into a gravel pit at the side of the road Wednesday afternoon and rolled over. It caused some injury to the truck and the side boards were crushed, a tow car brought the truck to town Thursday morning.

Early Thursday morning a model T Ford driven by Mr. Wilson went out of control on the sharp curve at the opposite side of the turn, narrowly missing a deep gulch, as it hit the gravel. The car was badly wrecked.

V. F. W. TO INSTALL MAJOR LEROY DELANEY

Banner Mountain Post, V. F. W., and Auxiliary of Nevada City are making preparations for a public joint installation of officers in Armory Hall in this city Sunday, November 1[illegible]. Invitations to participate have been sent to the nine posts and seven auxiliaries in the district. Weather permitting, the annual parade will be held beginning at 1:30 p. m. They will assemble in front of Armory Hall, march down Broad street to the Plaza, out Main into Commercial street, over into Pine and then to Broad disbanding in front of the hall.

The Kiltie band of the Canadian Legion of Sacramento, which drew so much applause last year is to be in the parade, among the several drum and bugle corps will be the snappy Wiley-Bulett drum and bugle corps of Sacramento. Hague-Thomas-Hegarty Post, American Legion and Canadian Legion of Grass Valley have been invited to attend. The ladies drill team of Lansdale post of Sacramento will also be in the parade.

Mr. Jack Loringer, past commander of Roseville Post, as installing officer will install the newly elected officers, Major Delaney will be installed as commander. When Banner Mountain Post elected Mr. C. E. Bosworth as commander a year ago there were 16 members. Through his hard work and assistance of a good staff of officers, he has brought the post to a membership of 60 and five new members will be installed Sunday afternoon.

Mrs. Phoebe Neron, of Lansdale Post of Sacramento, a past department commander, as staff officer for the district, will install auxiliary officers. Mrs. Blanche Williams of this city is assistant staff officer for the district and will assist.

Banner Mountain Auxiliary incoming officers are Mrs. Jessie Costa, president; Mrs. Dorothy Lewis, Sr. Vice! Mrs. Tillie Weiss, Jr. Vice; Mrs. Mary Tonella, chaplain; Mrs. Mae Tonella, secretary; Mrs. Haddy, treasurer; Mrs. Blanche Williams, guard; Mrs. C. E. Bosworth, musician; color bearers, Mrs. W. E. Young, Mrs. Muriel Day ,Mrs. Hazel Figurski, and Mrs. Nettie Sandow; Mrs. Mildred Tobiassen, conductress.

District Commander Frank Williams of Lincoln as well as many other prominent members are expected to be present for the big event.

EDWARD WHITING PASSES SUDDENLY

The sudden passing of Mr. Ed. F. Whiting, prominent and highly respected citizen of Grass Valley on Thursday morning, came as a severe shock to his wide circle of friends. Mr. Whiting fas born and reared in Grass Valley and was aged 65 years at the time of passing. He was city councilman, having served about three years. Always taking a keen interest in civic and state affairs, he has served his city, county and state, well in his lifetime, having been an assemblyman to the state legislature for a term and then held a clerkship in the Grass Valley post office for about 30 years. Mr. Whiting leaves a daughter and son, both of Grass Valley, to mourn his

N. C. GOLDS SCORE IN FAST BASKET GAME

Nevada City Golds, city team, played the Koss Service Station team of Sacramento, in Armory Hall on Wednesday evening in a fast game of basket ball with the Golds winning by a score of 62 to 37. Good team work played a strong factor and the local boys have a fine chance of winning the championship in the Placer-Nevada League of which they are a member. The game Wednesday evening was the first of the season and Nevada City Golds lineup was as follows: Krasevac, D. Verlod, Bud Painter, Hal Wright, E. Skeahan Don Macari and Harry Hawke.

BURIAL OF D. S. McCARTY

Funeral services for the late Daniel S. McCarty, native of You Bet, who passed away at his home Wednesday morning will be held this morning at 9:30 o'clock at St. Canice Catholic church. Holmes Funeral Home has charge of the arrangements. Pneumonia was the cause of death.

CHAMBER AIDS MANY ACTIVITIES AFFECTING CITY

The Chamber of Commerce of Nevada City, meeting Tuesday night with President Fred F. Cassidy presiding, considered many important matters affecting Nevada City. Among others the chamber:

Received Charles Mills, who recently has established a new beauty parlor in this city, into membership.

Heard the report of George Calahan, respecting airport plans, during which Mr. Calanan stated that since title to some portions of the airport were not yet obtained, but that these would soon be completed, and that rock paving, widening and lenthening of the runways would then be begun.

Requested the Ski club to meet and take some action regarding its future activities.

Asked President Cassidy to contact the city council and offer such aid in carrying out WPA projects as the chamber is able to give.

Approved a motion to name a committee of five for the purpose of assisting the hydraulic miners who have recently lost a damage suit to the Pacific Gas and Electric company.

Instructed Secretary Griffith to send a protest to the State Insurance Commissioner against the proposed increase in rate for mine payroll insurance against silicosis.

Received a letter from the Nevada County Narrow Gauge thanking the chamber for its good offices in aiding that company to obtain a trucking franchise.

BELOVED FRIEND, TEACHER AND CITIZEN PASSES

Many, many friends, relatives and former pupils attended the funeral services of the late John M Hussey yesterday morning at St. Canice church, Nevada City. Hundreds of beautiful floral pieces, sprays and boquets were silent tribute to the esteem and love for the deceased.

The late Mr. Hussey, 72 years of age, was the son of Mr. and Mrs. Michael Hussey. He was born at Allison Ranch.

When a small lad, the family moved to Willow Valley. He was a graduate of the class of 1880 of the Nevada City high school, the first class to receive diplomas from the school. He later taught the elementary school in Willow Valley and then became an instructor in the Nevada City high school where he endeared himself to all with whom he came in contact, he was a true teacher, imparting not only knowledge, and pointing the way of learning, but was also a guide and example to his pupils. He helped them with their life problems and the much of the character development of many of them was due to contact with him. His teaching was an art, not merely a profession. Many of the adults of this city remember his work and guidance with loving memory and reverence.

Shortly after his marriage in 1896 to Miss Alice Caldwell, one of his pupils, he left the Nevada City high school and entered Harvard University, from which institution he graduated with honors. He then became professor in the Boston English High school, where he also became endeared to many undreds of pupils. Scattered over the world are pupils of his who will grieve to hear of his passing.

Later Mr. Hussey turned inventor and patented the first egg drying machine in the United States. He established a large egg drying plant in Wichita, Kansas from which dried eggs were shipped to all parts of the world. He retired from active business about five years ago and returned to Willow Valley to make his home ,spending the winters in San Francisc.

He is survived by one brother Henry F. Hussey of Willow Valley and four sisters, Mrs. Mary C. Larsen and Miss Nora E. Hussey of San Francisco Mrs. Eva Flewellen and Miss Delia Hussey of Nevada City. Two brothers, James P. and William L. Hussey passed away a number of years ago. Holmes Funeral Home had charge of the remains.

Rotary to Celebrate Charter Presentation

PRE-BIG GAME DINNER AT ELKS CLUB NOV. 20

The University of California alumni association in Nevada City is sponsoring a dinner at the Elks club in Nevada City on Wednesday evening, November 20, at 7 p. m.

This is the pre-big game dinner and all persons who have ever attended a university are urged, invited and expected to attend. Dancing and entertainment will follow the dinner.

Last year the dinner was held in Grass Valley with one hundred and fifty present from colleges all over the United States and some from Oxford and Cambridge, England.

Judge Tuttle of the Alumni Association has named the following committee or arrangements: O. McCraney, Nevada City, Chairman; Myers Mobley, Nevada City; Harold Biggs, Grass Valley; Miss Dorothy Dyke, Grass Valley and Robert Deward, Grass Valley. Make your reservation with any one of these.

These dinners started some four years ago, when only fifteen couples were present. Each year thereafter the number has grown by leaps and bounds, and at the last dinner one hundred were served. Colleges from every section of the United States answered to the roll call, and several from foreign countries.

CITY COUNCIL AND PARK BOARD IN CONFERENCE

The city council met last evening with the park commission and discussed the various WPA projects which have been approved for the park, streets, sidewalks, water system and airport.

The park commission submitted a request for an allowance of $150 per month for the yearly salary of life guard for the pool and caretaker for the park, and for maintenance and improvement of the park. The city council deferred action on this request until such time as it can determine the amounts which it will be necessary for the city to pay as its share of the WPA projects.

The park commission reported that the following program, most of the items of which are covered in WPA projects, had been adopted:

1. Lining the ditch which now diverts Little Deer Creek, with stone.
2. Improving the road from Park avenue to Nimrod street.
3. Leveling and, if possible, sodding the field between the pool and Park avenue, so that it may be used for baseball and other sports.
4. Installing some kind of Chlorinator at the pool and, if possible, a a filter system. Your commission was much criticised for the conditions of the pool last summer, and this improvement should be made before June.
5. Installation of water pipes and sprinkling system throughout the park.
6. Planting flower shrubs, ornamental trees and lawn.
7. Leveling and rocking the parking ground above the pool.
8. Building a tennis court below the pool.
9. Constructing a care-taker's cottage.
10. Constructing a camp for motor tourists.

It was announced that on Monday twenty PWA workers will be on hand to begin lining the Little Deer Creek diversion ditch with rock and cement to prevent further erosion.

It was the concensus of opinion of the city council that all these WPA projects which now amount to more than $75,000 should be placed in charge of a competent engineer superintendent.

Mrs. C. A. Bennett and Mrs. Margaret Dickerman left this afternoon for a visit in San Francisco.

In respect to his memory the Nevada City high school was closed yesterday morning.

The Rotarians of Nevada City next Wednesday evening with their many friends, will celebrate "Charter Presentation Night", with a banquet and entertainment in the Elks Home in this city.

The Nevada City Rotary Club charter will be presented by District Governor George B. McClelland and the Rotary address will be delivered by Past District Governor Harvey Lyons. The Men's Glee club of Marysville under the direction of R. B. Van Courtright will sing a number of selections. Mrs. Katherine Hemler of Nevada City will render a group of vocal solos.

Charter members of the Nevada City Rotory club are: R. J. Berrgren, R. L. P. Bigelow, Keith Breckenridge, Charles M. Brown, Bill Cain, Walter Carlson, Horace Curnow, Hal D. Draper, Francis Finnegan, Dr. Walter Hawkins, Ted Janiss, Louis Kopp, Charles Leiter, Howard Ross, Fred Sauvee, Chester Scheemer, George Schrader, Fred Smith and E. R. Stambaugh.

The officers are: President, Oscar Odegaard; secretary-treasurer, Bill Cain; vice president, Francis Finnegan; serg.-at-arms, Chester Scheemer. The board og directors include three of the above and Charles M. Brown, R. L. P. Bigelow and Horace Curnow.

At the regular weekly luncheon yesterday Mrs. Katherine Hemler, accompanied by Mrs. Gibson, sang a solo, and Eben Smart, secretary of the highway patrol headquarters of this district, gave an interesting address on the causes and methods of preventing motor accidents on the highways.

RED CROSS MEMBERSHIP CAPTAINS APPOINTED

Membership chairman of the Nevada City Red Cross, George Calanan, states that the membership drive will start Monday, November 17, and urgently reques that this year be the banner year for membership, he as appointed the following persons as captains of various sections of the city and nearby communities:

E. Broad street, Edward Uren; West Broad, Lost Hill and Spring St., Mrs. Rollo Wright and Mrs. Cal Christenson; Main and Pine Sts., Mrs. Howard Penrose and Mrs. Eva Herboth; Nevada St. and Grove St., Miss Eleanor Vanberg; Prospect Hill, Mrs. Vera Syeger and Mrs. M. Phelan; Boulder St. and Park Ave., Mrs. Edward Berger; Coyote St., Mrs. George Calanan; High and Washington Sts., Mrs. Frank Williams; Piety Hill, Mrs. Horace Curnow and Mrs. Beth Oates; Pine St. and Gethsemne and Jordan, Mrs. Charles Elliott and Mrs. Alf Reynolds; Business District, P. G. Scadden, W. H. Griffith and George Calanan; San Juan, Mrs. Wm. Cunningham; Columbia Hill, Mrs. E. B. Dudley; Gold Flat, Mrs. C. E. Watters. Mrs. Henry Clark, Upper Nevada St.

HIGH SCHOOL THESPIANS TO GIVE CHRISTMAS PLAY

With the selection of a cast at tryouts held this week, activity on the Nevada City high school student body play, "The Bird's Christmas Carol," has definitely begun. Miss Nancy Jones has assumed the responsibility of directing the play which will be presented on December 19. Tryouts revealed an abundance of good material, and selection of a cast was somewhat difficult.

The students chosen and the part which they will lay follow: Mary Lou Draper, Carol; Joan Grant, Mrs Bird; Dick Stevens, Mr. Bird; Dick Tuttle, Uncle Jack; Ruth Curnow, Elfreda; Margaret Wynant, Mrs. Ruggles; Norlene Whitley, Sarah Maud; John Muscardini, Peter; Alice Graham, Peoria; Eddie Doolittle, Clement; Elton Tobiassen, Larry.

This three act play was presented to a packed house six years ago by the members of the student body, and it is felt that another roduction of it will meet with similar success. The play was written by Kate Douglas Wiggin and is appropriate for the season.

What a Relief

(Contributed)

The day may not be far distant when California can forget the ugly word "relief" that came so prominently into our vocabularies with the depression and has since remained.

Improved business, seasonal agricultural employment and Federal works projects absorbed 71,788 Californians from the relief rolls during September, Frank Y. Mc Laughlin state relief administrator, announced last week.

This cuts the total relief cases to 626,717 or 237,084 below the peak load reached the first of this year. And not a small proportion of that reduction is due to re-employment in private industry.

It is an encouraging sign.

But California still has a job on her hands. Six hundred thousand persons would fill a couple cities the size of Oakland. They still must be put to work. And there is still more to do.

We must end even work-relief. California's planning council ought to work out plans for settling many of our unemployed families permanently on the land. And private industry must absorb many more.

Then, perhaps, we may forget this word "relief" and leave the normal amount of it to be administered by charitable institutions, as it once was.

Gold Miners Seek Only Justice

(Contributed)

Gold miners are quite willing, as are other business men, to bear their fair share of taxes. They recognize that essential public service is necessary and must be paid through taxes. But it must be recognized also that gold miners have only one customer—the United States Mint, and the United States Mint will not add one cent to the price it pays for gold to cover any tax levied by the State of California. The gold miners can not pass it on to the consumer. They will oppose the Severance Tax on gold to the utmost of their ability and rely upon the sense and fairness of the voters and the legislators of California to sustain their position.

Free from the threat of restrictive taxation, the mining industry of California will continue its bread expansion so well begun. This will be a permanent prosperity, for California is fortunate in having the greatest known gold fields in the world, larger in extent than South Africa, but as yet untouched, in comparison to their potential production possibilities.

NORTH SAN JUAN

A highway crew under the direction of Bill Cunningham of North San Juan is doing some fine work widening out some bay curves and getting the road above Sweetland into passable condition.

The San Juan Ridge Improvement League has decided to hold a dance every two weeks in Twambly Hall. North San Juan and neighboring communities have come to look forward to these social affairs at Twamley Hall with a great deal of enthusiasm. Eddie Metz's orchestra of Auburn has been engaged to furnish the music for the winter series of dances. The next dance will be on Saturday, November 23. The ladies of the league will have charge of the supper after the dance.

NUGGET ADS PAY

NEWLY WEDS TO LIVE ON GETHSEMNE ST.

The wedding of Miss Stella Irene Davies and Arthur C. Christensen took place at Emmanuel church in Grass Valley on Tuesday night. Rev. Charles Washburn reading the beautiful Episcopal service. Miss Amy Davies, sister of the bride, was her attendant, Forest Penrose attended the groom.

The bride was lovely in a bottle green gown with brown accessories, Miss Amy Davies wore navy blue with blue accessories.

Following the ceremony the happy young couple left on a wedding trip to be spent in Southern California.

The bride is the daughter of Mr. and Mrs. Thomas Davies of Allegheny. She is a graduate of the Nevada City high school and of Mount St. Mary's College and for a number of years has been with the Plaza Grocery business staff.

Mr. Christensen is a native of Nevada City, receiving his education here and is now employed in the blacksmith department of the Murchie mine.

Upon their return from the honeymoon. Mr. and Mrs. Christensen will make their home on Gethsemne street, Nevada City.

Comfort, economy, convenience . . . you get all of them when you use COAL as the fuel medium in your home. You'll find the cost of Union Ice Delivery coal most reasonable too.

NUGGET ADS PAY

NOW AUTO TAX WILL BE PAID UNDER NEW LAW

SACRAMENTO, Nov. 14.—Motorists who have been wondering how they are going to pay the new vehicle license fee due in January, 1936 in lieu of personal property tax, will be interested to learn department of motor vehicles will mail on assessment card to each vehicle owner in California.

Elimination, by the last legislature of city and county offices as collectors of the former personal property tax on vehicles placed a recognized big problem on department of motor vehicles, and it remained for Governor Frank F. Merriam to remove inconvenience for taxpayers. At the governor's suggestion, Director Ray Ingels of department of motor vehicles, is preparing postcard notices for each vehicle owner and these will be in the mails about December 20.

REGISTRATION SIMPLIFIED

That assessment cards will simplify method of obtaining 1936 registration of vehicles is seen in Director Ingel's statement relative to procedure for collecting fees in January. The procedure to be followed at all designated department of motor vehicles collection offices will be as follows: (1) Present assessment card with sum specified as total for vehicle license fee and reistration fee. (2) Present validated 1935 registration card.

Under California's new vehicle code, what formerly have been known as license plates are now referred to as registration number plates. The same basic $3 fee charged for pleasure automobiles will be collected for registration The vehicle license fee is to be paid in lieu of personal property tax, and this fee will be charged at the rate of $1.75 per $100 valuation of vehicles as determined by department of motor vehicles.

Explanation of how 1936 vehicle fees will be collected is shown in the following example: John Doe owns an automobile which department of motor vehicles values at $100. To register this vehicle and obtain the number plates, he will be required to pay $3. To operate his vehicle under the vehicle license fee statute, he must pay $1.75. The total cost to be paid by John Doe at the time of obtaining new plates will be $4.75.

LAW PERMITS CONFISCATION

Vehicle license fees not paid by January 30, 1935 will be doubled and department of motor vehicles has authority to confiscate for fees. This fact calls attention to the necessity of registering motor vehicles in the month of January as the law definitely prevents extension of renewal period for registrations and payment of license fees.

Vehicle license fees are reduced one-twelfth for each month elapsed from January when new vehicles are registered or non-resident cars operate for the first time in California and application for California registration is made.

War veterans, under a ruling from the attorney general, are exempt up to $1000 valuation from the vehicle license fee but they are required to pay registration fees,according to Ingels. In the case of war veteran exemption, it will be necessary for ex-service men to establish their exemption claims at city or county assessor offices before they appear at a department of motor vehicles collection agency for registration of their vehicles.

HOW FUNDS ARE DIVIDED

Of vehicle license fees collected by department of motor vehicles, only one per cent is allowed department of motor vehicles for operations, according to Ingels. Of additional monies collected 37½ per cent will be paid quarterly by the department to cities and counties in the proportion their population bears to the state. The remainder of the fees go to California's general fund to pay princial and interest on certain highway bonds.

Indication of the tremendous task undertaken by department of motor vehicles in setting up machinery for collection of the vehicle license fee is seen in announcement that a night force of more than 125 typists has been busy since September 23 working on the more than 2,000,000 assessment cards which must be in the mails by ecember 20.

NEVADA CITY ELKS TO VISIT PORTOLA

Nevada City lodge of Elks will make its annual pilgrimage to Portola where an initiation will be held Saturday night. The visitors from this always enjoy a fine hearty welcome and entertainment on the occasion. Besides the initiation ceremony there will be plenty of other events on the program. Members who desire to make the trip should immediately leave their names with V. V. Foley, secretary.

NO RELIEF FOR MEN WHO WILL NOT WORK

AUBURN, Nov. 14.—Frank Y. McLaughlin, SRA administrator, has issued instructions to Richard Maddox, SRA area director of Placer, Nevada, Yuba and Sutter and Sierra counties, to close SRA cases of all persons refusing employment on WPA or other federal work projects.

Mc Laughlin emphasized that the WPA was designed primarily to give employment to persons on relief, and that such people are obliged to accept jobs offered by the WPA or else their relief will be stopped by the State Relief Administration.

Thru the Knot Hole

A Glimpse of Building Activity

VOL. 1. NOVEMBER 15, 1935. No. 32.

Do not let the colder weather discourage your idea for improving the interior of your home. Alterations can be made just as well now as during the summer and very likely better workmanship may be available.

Mr. Earl Meachum has just completed a three room cottage on the Willow Valley road near the hospital and foundations have been laid and work is progressing on a second cottage of the same type. Mr. Meachum reports that both cottages have been rented.

Don't neglect your door and window openings and try to heat all out-doors. Install a good weatherstrip and make your fuel go one-third farther.

For small homes in our setting of pine trees and hills nothing is more appropriate for small homes than log cabin style rustic and an interior finish of knotty pine. These materials are inexpensive and attractive.

Contractor Ralph Cochrane is constructing a modern five room stucco residence for Mr. and Mrs. Elton Biggs of Sacramento on Biggs Avenue in Grass Valley. This is being constructed for rental purposes and this fact shows the healthy condition of investment property in this district.

Not too late to shingle your home for the rainy season ahead. All kinds of shingles, wood, or composition in stock.

"My dear" exclaimed the husband when he arrived home late and found his wife waiting up for him: "you'd never guess where I have been tonight."

"Oh yes I can," replied the wife, "but go on tell your story anyway."

STATE PIONEERS OF EDUCATION

(By ROY W. CLOUD)
State Executive Secretary
California Teachers Association

Editor's Note: California's public school system is regarded as one of the two outstanding system of the United States, New York State alone challenging comparison. This series of ten articles is intended to familiarize friends of the schools and the public generally with outstanding pioneers who have contributed to the development, since 1849, of California's pre-eminent public school system.

JOHN SWETT

California has had many distinguished educators. One of the most distinguished, who came to California in the early days of the state, possessing the power to instruct, to formulate new thoughts in education, and to inspire the citizens of the state with the necessity of a good public school system, was John Swett.

He, without doubt, did more to make his name a part of the history of education than any other educator connected with the public schools of California.

On the first day of February 1853 John Sweet sailed in through the Golden Gate. He didn't come to California to teach school. Because of ill health he had determined that he would lead an active life in the great outdoors. The gold fields of California had beckoned him from his native New England. For a while he prospected in the Feather River country.

The gold that others apparently found so easily eluded him, so late in the fall of 1853 he aplied for, and was appointed to, a teaching position in the San Francisco city schools.

Before the close of the year he became principal of the Rincon grammar school of two teachers. For nine years he served the children and people of San Francisco.

At the election of 1862, on the Union ticket, he became the candidate for State Superintendent of Public Instruction. He was elected, but because of a change in th election laws, it was necessary for him to seek re-election the following year. He was again elected and served until 1867. when he returned to San Francisco as an elementary principal.

Two years later he became deputy superintendent of schools. Upon the formation in 1869of the old "Girls High School," he became principal. From 1889 to 1893 John Swett was the city superintendent of schools in San Francisco.

During all of the 40 years in which John Swett served, he planned for the future of the California schools. It may be said of him more truly than anyone else, that he was th father of the state school system. He outlined most of the beneficient laws which have helped to develop and maintain the schools of California as they are today.

John Swett came from one of the oldest English families in America. In 1642 his forebears left Devonshire, England, and settled in the Massachusetts Bay colony. He was born at Pittsfield, New Hampshire, on July 31, 1830.

On leaving school work in San Francisco in 1893, he retired to a ranch in the Alhambra Valley of Contra Costa county. At this home educators from all over the world visited him, to get the inspiration and information which he was always willing to give.

In 1913 just a few months before Mr. Sweet's death, President Benjamin Ide Wheeler, president of the University of California in conferring on John Swett the highest honor given by the University, the honorary degree of Doctor of Laws said:

John Swett, more than any man who lives or who has lived is responsible for what is best in our California public schools; teacher and friend of teachers; educational statesman."

August 22, 1913, this man of 83, who at the age of 23 had come to California for his health, passed on his work to others with the knowledge that he had fulfilled the motto which in early life he had adopted from Horace Mann. It was "Be ashamed to die until you have won some victory for humanity."

"ESCAPE ME NEVER" AT N. C. THEATRE SATURDAY

Elisabeth Bergner, the brilliant young star, who has been hailed by critics and public as the greatest actress of our day and the peer of Bernhardt and Duse, comes to the Nevada Theatre Saturday in "Escape Me Never," a film version of the Margaret Kennedy play in which she scored a sensational success on the New York and London stage.

Many of the principals of the original New York cast, including Hugh Sinclair. Leon Quartermaine, Griffith Jones and many others, are to be seen in Miss Bergner's support in this brilliant director husband, directed for B. and D.

Carl Zuckwayer is credited with the screen play which presents Elisabeth Bergner in her greatest and best-loved characterization as Gemma Jones, the little waif adrift in Venice with her infant son, who is sheltered by the caddish young composer, Sebastian Sanger.

GREAT DRAMATIC CLIMAX

When Sebastian develops an infatuation for his brother Caryl's aristocratic fiance, Fenella McLean, Gemma runs away and returns to London, Sebastian follows and marries her, but despite all her efforts to end it, he continues his clandestine romance with Fenerlla. Gemma works as a slavey to support Sebastian while he works on the ballet he is completing for presentation at the Opera House and due to neglect, her baby falls ill.

The story reaches a great dramatic climax with the death of the child and the tender reunion of Sebastian and Gemma who plan to return to Venice and start all over again.

Fred Hamblton and family moved into their new home on Drummond street Tuesday.

what Irvin S. Cobb thinks about:

The Cultural Expansion

SANTA MONICA, CALIF.—What a war it has been for education.

They were savages, ruthless and very ignorant. But now they know about the armored tank and the screaming shell and the admirable flame-thrower which cooks the flesh on the living bone. They were isolated. Dat ole long-distance gun, she sho' kin find you wharever you's at; all she wants is you' home address. They had barbaric pride—'twas the breath in their black nostrils — but poison gas would be the cure for that foolishness. Like foxes, they den in the earth. The scout plane spies on them and the bomber plane comes and makes scrap of their bodies. Like lions, the naked spearsmen advance; the machine gun levels the ranks down flat. Like moles, the fugitives burrow under the mud walls. So, with his high explosives, the white man blasts them out.

Irvin S. Cobb.

Verily, there is no excusing any race, however remote, however backward, for failure to share in the cultural beauties of this modern civilization.

* * *

Joe Robinson's Elegance

SENATOR Joe Robinson, somewhere in Arkansaw, Dear Sen.—I hear some of the boys are agin you for re-election because you've been guilty of spats in the first degree. If your home-folks predicate fitness for office on ruggedness of feet, Primo Carnera is their man. But if they want brains at the other end to balance the load, I insist you've got the credentials.

I know how you've suffered. You put on spats, and, just about the time you quit being self-conscious, the weather turns warm on you.

Still, a more tolerant day is dawning. Why, the first time I wore spats in Paducah I needed police protection. It was a good thing for me I wasn't a Yankee. And on down in the tall timber my wrist-watch was mistaken for a handcuff with a time-lock on it. I reckon they thought I was a fugitive from a Vassar daisy chain.

Now, just around every corner is a service station, a beauty parlor or a country club. And that, mind you, where once, when a boy came of age, they had to run him down with dogs to put pants on him.

So cheer up, Sen. At least they didn't prove a monocle on you. Yours sympathetically, Cobb.

* * *

A Week of Peace

TO THE sentimentalists amongst us, the peril of the moment is that we may run out of these something-or-other weeks. You know, weeks dedicated to hay fever or sanitary plumbing or ankle-length union suits or anemic Armenians. You see, we only have 52 weeks to start with.

The surest way to spoil a good thing is to overdo it. That also goes for salad dressings, four-plus pants, rice pudding and the young thing who puts so much make-up on her eye lashes she looks as though she were peeping out through two buttonholes in an old plush vest. Any party could gain a lot of votes by inserting a plank in its platform calling for just one plain, old-fashioned week starting without excitement on a Monday and ending very quietly the following Sunday.

* * *

Tugwell and Native Sons

UNTIL he hauled off and made that speech recently, Professor Tugwell was leading the brain trust with the title of Chief Lobe. He may still be that, but just the same, if I were Tugwell, I believe I'd follow the advice which the fire department prints on the theater programs: "Look about you now and choose the nearest exit."

Speaking of vanishing species, whatever became of the pedestrian classes in America—you know, people who went places by the quaint old-fashioned process called walking? Today the population seems exclusively to be made up of two major groups—those with cars who are riding and those with thumbs who crave to do so.

And, speaking of traveling, I've discovered what, in the modern sense of the term, is a true California native son. A native son is a fellow who has been here long enough to sell his trailer.

* * *

Two Promising Actors

MY BUDDING ambition to turn actor has had a boost. A young fellow, who, I predict, will yet get somewhere in this business if he keeps on trying, was over here, and, after dinner, this party, whose name is Charles Chaplin, gave an imitation of a buzzard lighting alongside a sick horse. Such judges as Claudette Colbert and Edna May Oliver agreed that, as a buzzard, he would fool any living creature, except possibly another buzzard.

But talk about acting, now. By special request I played the principal supporting role, that of the horse, and the sheer artistry of the performance gave delight to one and all. So now I'm convinced my future is assured, if only we can get somebody to write a show with a part in it for a sick horse.

IRVIN S. COBB.

NOTICE OF SALE OF BONDS OF NEVADA SCHOOL DISTRICT.

NOTICE IS HEREBY GIVEN that sealed bids will be received by the Board of Supervisors of the County of Nevada, State of California, at the office of the Clerk of the Board of Supervisors of said County, County Courthouse, Nevada City, California, until 10:00 o'clock, A. M. of Monday, the 25th day of November, 1935, for the purchase of $72,000.00 principal amount of bonds of Nevada School District. Said bonds constitute the entire issue of bonds of said District, authorized at an election held in said District on October 10, 1935, at which election 719 votes were cast in favor of said bonds and 45 votes were cast against said bonds, and will be issued for the following purposes: the purchasing of school lots, the building or purchasing of school buildings, the making of alterations or additions to the school building or buildings, other than such as may be necessary for current maintenance and operation or repair, the repairing, restoring or re-building of any school building damaged, injured or destroyed by fire or other public calamity, the supplying of school buildings with furniture or necessary apparatus of a permanent nature, and the permanent improvement of the school grounds. Said authorized issue consists of 72 bonds, numbered consecutively from 1 to 72, both inclusive, all dated December 1, 1935, bearing interest at the rate of not to exceed five (5) per cent, per annum, payable annually for the first year and semi-annually thereafter on June 1st and December 1st of each year. Each of said bonds is of the denomination of $1000, and both principal and interest thereon are payable in lawful money of the United States at the office of the County Treasurer of Nevada County, Nevada City, California. Said bonds mature and are payable in consecutive numerical order from lower to higher, as follows: Two (2) bonds on December 1st in each of the years 1936 to 1942, both inclusive; three (3) bonds on December 1st in each of the years 1943 to 1956, both inclusive and four (4) bonds on December 1st, in each of the years 1957 to 1960, both inclusive.

Said bonds will be in coupon form but registerable as to both principal and interest. Bidders must specify the rate of interest which the bonds shall bear. Different rates of interest may be fixed for different maturities of said bonds, and it shall not be necessary that all bonds offered for sale bear the same rate of interest. The interest rate or rates stated in the bids must be in a multiple of one-quarter of one (.0025) per cent per annum, payable semi-annually (except the first year). The best bid will be determined by deducting from the total amount of interest which the District would be required to pay up to the maturity of the bonds at the coupon rate or rates specified in the bid, the amount of the premium, if any, bid therefor, and the award will be made on the basis of the lowest net interest cost to the District.

With each bid must be submitted a certified check or cashier's check in the sum of $5000, payable to the order of the County Treasurer of Nevada County, as a guarantee that the bidder will purchase and pay for said bonds in the event his bid is accepted. Bids will be received for all or any of said $72,000, principal amount of said bonds at not less than their par value and accrued interest as specified. All bids must be unconditional, and, together with bidder's check must be enclosed in a sealed envelope endorsed "Proposal for Nevada School District Bonds."

The Board of Supervisors hereby reserves the right to reject any and all bids.

The legal opinion of Messrs. Orrick, Palmer & Dahlquist, of San Francisco, California, approving the validity of said bonds will be furnished to the successful bidder without charge, together with a certified copy of the transcript of proceedings.

Said bonds will constitute valid and legally binding general obligations of said District, and all taxable property in said District subject to taxation by said District (except certain intangible personal property, which is taxable at limited rates) will be subject to an ad valorem tax for the payment of said bonds and the interest thereon, without limitation of rate or amount.

There is no controversy or litigation pending of threatening concerning the validity of the organization of said District, the validity of said bonds or the title of the officers of said District to their respective offices.

The assessed value of taxable property situate within said District, as shown by the last equalized assessment roll of said County of Nevada, is $1,779,905, and said District has no outstanding bonded indebtedness. Said District has existed as a school district continuosly since 1857.

Further information relative to the financial condition of the District will be furnished to any bidder upon request.

By order of the Board of Supervisors of the County of Nevada, State of California.
Dated: November 4, 1935.
(Seal of Board of Supervisors.)
R. N. McCORMACK,
County Clerk and ex-officio Clerk of the Board of Supervisors of Nevada County, California.
Nov. 8 and 15.

Messrs. Gordon and Everett Caldwell, students at the University Agricultural Farm, Davis, spent the week end and Armistice Day in Nevada City visiting their aunt, Mrs. Leland Smith, and family. While here they all motored to Big Bend ranger station and enjoyed snow sports.

MONEY NO OBJECT IF IT'S A QUESTION OF HEALTH

Since 1799 thousands of people have regained their normal health after years of suffering from stomach troubles of all types, such as constipation, indigestion, gas, and sour stomach which are the basic factors of such maladies as high blood pressure, rheumatism, periodic headaches, pimples, on face and body, pains in the back, liver, kidney, and bladder disorder, exhaustion, loss of sleep and appetite.
Those sufferers have not used any man-made injurious chemicals or drugs of any kind; they have only used a remedy made by Nature.
This marvelous product grows on the highest mountain peaks, where it absorbs all the healing elements and vitamins from the sun to aid HUMANITY in distress.
It is composed of 19 kinds of natural leaves, seeds, berries and flowers scientifically and proportionately mixed and is known as LION CROSS HERB TEA.
LION CROSS HERB TEA tastes delicious, acts wonderfully upon your system, and is safe even for children. Prepare it fresh like any ordinary tea and drink a glassful once a day, hot or cold.
A one dollar treatment accomplishes WONDERS; makes you look and feel like new born. If you are not as yet familiar with the benefcial effects of this natural remedy LION CROSS HERB TEA try it at once and convince yourself. If not satisfactory money refunded to you. Try it and convince yourself with our money-back guarantee.
One week treatment $1.00. Six weeks treatment $5.00.
In order to avoid mistakes in getting the genuine LION CROSS HERB TEA, please fill out the attached coupon.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF NEVADA.

SUMMONS IN SUIT TO QUIET TITLE.

Action brought in the Superior Court of the State of California, in and for the County of Nevada.

W. E. Wright, Attorney for Plaintiff, Union Building, Nevada City, California.

ARMORY HALL ASSOCIATION, a corporation, Plaintiff.

vs.

W. H. HAHN; FRANK A. THURSTON and ELLIE THURSTON, his wife; CARL JONES; FRANCES G. JONES; GEORGE L. JONES; G. J. RECTOR; E. MERRITT RECTOR; GLENBROOK PARK ASSOCIATION, a corporation; AGNES F. JOERSCHKE; AGNES F. JOERSCHKE, as Guardian of the Person and Estate of Adele Freda Joerschke, a minor, AND ALSO ALL OTHER PERSONS UNKNOWN CLAIMING ANY RIGHT, TITLE, ESTATE, LIEN OR INTEREST IN THE REAL PROPERTY DESCRIBED IN THE COMPLAINT ADVERSE TO PLAINTIFF'S OWNERSHIP OR ANY CLOUD UPON PLAINTIFF'S TITLE THERETO, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO: W. H. Hahn; Frank A. Thurston and Ellie Thurston, his wife; Carl Jones; Frances G. Jones; George L. Jones; G. J. Rector; E. Merritt Rector; Glenbrook Park Association, a corporation; Agnes F. Joerschke; Agnes F. Joerschke, as Guardian of the Person and Estate of Adele Freda Joerschke, a minor, and also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership or any cloud upon plaintiff's title thereto, ... Defendants.

You and each of you are hereby directed to appear and answer the Complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Nevada within ten (10) days after the service upon you of this Summons, if served within this County, or within thirty (30) days if served elsewhere.

You are hereby notified that unless you appear and answer the Complaint as above required the said Plaintiff will take judgment against you for any money or damages demanded in the Complaint as arising upon contract or it will apply to the Court for any other relief demanded in the Complaint.

The said action is brought by the above named plaintiff against the above named defendants, and each of them, to quiet the plaintiff's title to the lands and real property described in the Complaint on file in the said action and hereinafter particularly described, and to determine the adverse claims of the above named defendants, and each of them, and of all unknown persons to, and clouds upon the title to the said real property and the whole thereof pursuant to the provisions of Sections 749, 750 and 751 of the Code of Civil Procedure of the State of California, and that the said real property is situate, lying and being in the County of Nevada, State of California, and is particularly described as follows, to-wit:

All those certain portions of Sections 23 and 24, in Township 16 North, Range 8 East, M. D. B. & M. being more particularly described as follows, to-wit:

Commencing at a point on the East side of the right of way leading to Olympia Park from the Grass Valley-Nevada City State Highway which said point is located South 31° 24' West 408.08 feet from the quarter Section corner between said Sections 23 and 24; thence Magnetic Variation 18° East, South 4° 33' East 154.91 feet; thence South 10° 28' East 64.61 feet; thence South 17° 54' East 72.61 feet thence South 27° 09' East 71.97 feet; thence South 32° 24' East 40.2 feet; thence South 39° 23' East 48.41 feet; thence South 43° 54' East 56.73 feet; thence South 47° 08' East 257.32 feet; thence South 58° 46' East 194.75 feet; thence following the boundary of the Olympia Park property the following courses and distances; South 60° 09' East 261 feet; North 60° 48' East 185.5 feet; North 21° East 314.8 feet; North 16° 54' East 578.8 feet; and North 49° 15' East 461.93 feet to the Northeast corner of the Northwest quarter of the Southwest quarter of said Section 24; thence North 89° 03' East along the line dividing said Section 24 into North and South halves at 1107.58 feet a three inch in diameter pipe on the West side of the County Road, 1177.6 feet in all, to a point 30 feet West of the center of the Nevada County Narrow Gauge Railroad Track thence following the westerly or southwesterly side of the right of way of the said Nevada County Narrow Gauge Railroad at 30 feet distant from the center thereof the following courses and distances; North 19° West 478 feet; North 26° 57' West 132 feet; North 44° 42' West 132 feet; North 63° 42' West 330 feet; North 54° 42' West 171.6 ft.; and North 41° 42' W. 180 feet to a point on the southeasterly line of the property now owned by Earl Sutton; thence along the boundary between the said Sutton property and the property described herein the following courses and distances; South 38° 40' West 64.93 feet; South 82° 15' West 78.63 feet; South 51° 10' West 261 feet; North 37° 18' West 40 feet; North 24° 11' West 520.7 feet; North 85° 20' West 188.5 feet; South 86° 13' West 24.25 feet and North 70° 33' West 116.32 feet to a point on the Southeasterly side of the County Road; thence South 52° 30' West 418.37 feet along the Southeasterly side of said County Road to a point on the Southeasterly side of the Grass Valley-Nevada City State Highway; thence South 52° 47' West 841.76 feet along the Southeasterly side of said State Highway to a concrete post at the intersection of said Southeasterly side of State Highway and the Northeasterly side of the aforesaid right of way to Olympia Park; thence along the Easterly side of said right of way the following courses and distances: South 41° 18' East 94.5 feet; South 8° 42' West 32.04 feet and South 2° 07' West 895.02 feet to the place of commencement. EXCEPTING AND RESERVING therefrom all portions thereof lying within the exterior boundaries of the county road on the easterly side of said above described property.

That the object of the said action is to obtain the judgment of the Court against the said defendants and each one of them, known and unknown as follows:

That all adverse claims to, and all clouds upon the title of plaintiff to the said real property or any and every part thereof be determined by the judgment and decree of said Court, and that it be decreed that plaintiff is the sole owner in fee of said real property and the whole of said real property herein described, being the same real property described in the Complaint of Plaintiff on file herein, and that plaintiff is in the possession of the property and entitled to the possession of the said real property, and the whole thereof, and that the defendants have not, and that no one of the said defendants, including the unknown persons made defendants herein, have any right, title, estate, lien or interest of any kind whatsoever, in or to or on the said real property or any part thereof, and that the said defendants and each and every one of them, known and unknown be forever debarred, enjoined and restrained from making, or asserting any claim whatsoever in or to the said real property, or any part thereof, adverse to plaintiff, and that the title of said plaintiff in and to the said real property and the whole thereof be forever quieted and adjudged good and valid, and for such other and further additional order, judgment, decree and general relief as is meet and proper in the premises and for costs of suit.

Given under my hand and the seal of the Superior Court of the State of California, in and for the County of Nevada, this 24th day of October, A. D. 1935.

(SEAL)

R. N. McCORMACK,
Clerk of the said Superior Court.
By R. E. DEEBLE, Deputy.

PLACER MINERS APPEAL ADVERSE COURT DECISION

Reports received from Auburn yesterday state that James. F. Peck, attorney for the You Bet Mining Company and J. W. Scott, yesterday filed notice of an appeal from the decision of Judge Ernest Weyand of Colusa county, who granted the Pacific Gas and Electric Company an injunction against hydraulic mining operations by the defendants, and awarded the company $26,908,-57 against these two defendants for damage done by the hydraulic operations. The combined damages against the several defendants total $232,655.

Peck also filed a document asking that the official court reporter prepare a transcript of the entire case, which occupied five and one-half weeks in the superior court here.

The grounds for the appeal are not indicated in the document filed by Peck.

Peck also represented other clients, including the Liberty Hill Mines. It is not known if an appeal will be taken in their behalf.

Judge Weyand sat on the Placer bench during August and September to hear the case, which involved several hydraulic placer gold mines in the Bear River watershed.

One day there came to a hospital clinic a negro woman with a fractured jaw. The surgeon asked numerous questions, to all of which the patient returned evasive answers. Finally, her patience exhausted, she blurted out: "To tell you de troof, doctah, Ah was jes' nachelly kick' in the face by a gen'leman friend."

Wanda Lysterup Enjoys Birthday Party

Mrs. George Lysterup of Grove street in this city entertained at a party Monday in honor of the 12th birthday of her daughter, Wanda Lysterup. A delightful time was enjoyed at games by the sixteen young people present. The big birthday cake gaily decorated, and carrying twelve candles was the center piece of the prettily arranged table. The little girl received many nice gifts for her birthday.

Those enjoying the party were: Colleen More, Leona Carter, Betty O'Connor, Lela Carter, Alice Wagner, Billie Keller, Eugene Carter, Ted McDivern, George Mody, Everett Warren, Grant, Bud, Robert Lysterup and Wanda Lysterup.

WORK ON DRIVE-IN MARKET IS BEGUN

Work has been started under Contractor John Bertelsen upon the new drive-in market for George E. Krouse, to stand opposite the California highway headquarters on the Nevada City-Grass Valley highway. The building will be 60 feet by 28 feet in dimensions and two stories in height. It will contain a market and grocery and one apartment on the lower floor and two apartments on the upper floor.

DAMAGES DENIED FOR HAND CUT WHILE SKIING

In the case of Robert Blake, plaintiff vs. Truckee Ski Club and C. Edmunds, defendants, Judge Tuttle, Tuesday in the superior court denied plaintiff any damages whatsoever. The complaint averred that while engaged in sport at the club he fell and lacerated his hand on a can that was lodged in the snow on the course. The court found there was no evidence to show any breach of duty which the defendant, Edmunds owed the plaintiff, or that he owned the grounds where the accident occurred. The court further found the only duty that Edmunds owed the plaintiff was that of furnishing shii which were in good order and repair and with that he had performed every duty the law imosed upon him.

OLD KIRKPATRICK GRAVEL

Mr. John C. Donnelly, mining man of Oakland, came down from Camptonville yesterday on business pertaining to his property, the old Kirkpatrick gravel mine. Mr. Donnelly and State Treasurer Charles G. Johnson have been partners in developing mining ground near Goodyears Bar for some time and this summer divided the property.

Work has been rushed owing to lateness of the season, but practically everything is in shape for winter operation. Four men are employed in picking up caves in tunnels on the old Kirkpatric property which is located two miles south of Goodyears Bar.

HOW TO CHOOSE A GOOD TURKEY

SACRAMENTO, Nov. 14.—Here are some tips to remember when buying your turkey. This information comes from the State Department of Agriculture.

Soft, flexible breastbone means that the turkey is young. Broad, well-rounded breast with thighs covered with meat and fat well distributed gives more edible meat per pound. Short legged blocky type with well-rounded body rather than the long legged rangy type is the best for table use.

Fine grained, soft, light-colored meat, somewhat like fillet of fish, bespeaks tender meat. Milk-fed fowls are white-fleshed. Corn fed are yellow fleshed.

Velvet like skin marks fine quality. The skin should not be torn or skuffed from picking nor discoroled from rough handling or improper cooling. If the bird has not been well bled, the skin will be reddened and blue clots of blood will show through the neck skin. Such a turkey does not kep well nor has it a good flavor.

Dry picked or semi-scalded turkeys are better quality than the hard-scalded kind. Well-finished, well-dressed birds are free of pin feathers.

. . . they're some of our best customers

(By JOE WILHOITE)
Safeway Grocer

You'd be surprised if you could see how many youngsters do their mothers' shopping at our stores.

You see, most of us Safeway grocers are family men ourselves. We know how hard it is sometimes for mother to break away from the house and do her marketing.

So we like to help children do the family food-buying just as skillfully as though mother was doing it herself.

Are mothers pleased with this sort of consideration? Of course they are . . . just as much as they appreciate the money-savings on the fine foods they get at their Safeway grocer's.

How to Save Dollars Every Month—

Prove to yourself that shopping at your Safeway store is the sure way to save money on food every month. Just try it for 30 days. Check your total expenditures with those of previous months. We'll let you judge whether the savings you've made is worthwhile.

SIGNAL OIL CO. FILLS TWO 15,000 GAL. TANKS

The Signal Oil Company has put into operation its big plant on the ridge just east of Spring Hill mine road. Two tanks containing 15,000 gallons of Signal and Peerless gasoline respectively have been filled. Two other tanks, each of 10,000 gallons capacity, one of which will contain Signal stove oil and the other diesel oil. Archie I. Rowen, county distributor for Signal products, has greatly extended the use of Signal oil and gasoline in the county since his apointment to the agency.

LOVELY AMERICAN SOPRANO TO SING IN SACTO. SUNDAY

That music lovers have a treat in store for them when Gladys Swarthout sings in Memorial Auditorium, Sacramento, on Sunday afternoon, November 17, was the expressed opinion of Dr. Sigmund Spaeth who appeared at the Tuesday Club last Wednesday in a lecture recital on The Art of Enjoyable Music.

The debut of Miss Swarthout upon the screens of America is an occasion equal only to her debut in the Metropolitan. She is appearing in Paramount's Rose of the Rancho, a musical adapted from the famous Tully-Belasco stage play. It will precipitate a jubilee of grand and light opera on the screen, the like of which picture goers have never known, in the opinion of Deems Taylor, writing in the current issue of Stage under the title of Fifteen Thousand Opera Houses.

Swarthout is mentioned prominently in several connections in the current issue of Musical America. Once with John Boles in connection with their current film mentioned above; again with the Lawrence Tibbetts in connection with the premiere of Mr. Tibbett's new film 'Metropolitan.'

WORK ON BANNER ROAD

Supervisor Cary S. Arbogast's blasting crew were working on the Banner mountain road South of Nevada City, Thursday, blasting stumps. Twenty seven men are emuloyed, with county and WPA funds under Mr. Thomas White, on this road and have about half the timber cut. Mr. Arbogast stated the wood is to be hauled to the county hospital. Several sharp turns are to be cut off and the road will be one of the well traveled ones as Lava Cap miners and citizens of the district travel over it. Rocking part of this road has started.

Mr. L. C. Foote and family have moved from the Hill ranch on Sugar Loaf to a home on Long street.

COMMITTIES ARE NAMED FOR 30TH FIREMEN'S BALL

It won't be long now before we have the thirtieth annual New Years Eve Fireman's Ball at Armory Hall. The Firemen held a long and lively session last night discussing plans and listening to suggestions. The first hurdle was taken when the arrangements committee was appointed, there are good live workers on every committee so a fine New Years Ball is assured. The Firemen will let us know from time to time as to just what their plans are and so get everyone pepped up for the big event. The committee of arrangements follows:

Floor managers, Fire Chief Howard Penrose, Asst. Fire Chief Tony Rore; Amusement: Dick Goyne, E. J. Kilroy, James Penrose.

Music: Beverly Barron, Horace Curnow, R. N. McCormack, Jr.

Decorations: Byron Landrigan, Arthur Hoge, Alf Eddy.

Finance: Lloyd Dudley, E. J. N. Ott, Louis Kopp, Charles W. Leiter.

Advertising and publicity: Miles D. Coughlin, V. V. Foley, W. G. Robson.

Door: Dr. C. W. Chapman, Joe O'Neill, Nick Sandow, George E. Walling.

Concessions: H. S. Hallett, Luther Marsh, Fritz Pitz.

COURT CALENDAR

Return of sale of real estate in the estate of Frank M. Nilon.

SUPERFEX oil burning HEATERS

IF WINTER usually means months of stoking and ash-hauling for you, investigate the Superfex Heat-Director! Connected to a flue like an ordinary stove, it burns inexpensive fuel oil and directs the heat where you want it.

No moving mechanism. No drafts to regulate. To direct the heat, just open the patented heat-projectors on one, two or three sides of the heater. All Superfex Heater models are listed as standard by the Fire Underwriters. Terms to suit your convenience. A product of Perfection Stove Co.

Cross section of Superfex Heat-Director above, shows how it works. Oil flows through copper pipe from removable reservoir to burner bowl in which constant level is automatically maintained. Fire is lighted through opening in front with no more kindling than a piece of paper. Constant control of heat by means of simple dial at rear.
